

DUIIP NEW PROVIDER/NEW SERVICE FACILITY MORATORIUM

(Revised March 2016)

Potential Providers

ITEM 1

New Provider applications will be accepted for service to be rendered in any county in the state of Georgia only if the provider/service facility meets one or more of the following criteria:

- The applicant is fluent in a language other than English and will offer services in that language
- The service site is at a Community Service Board
- The service site is at a DUI Court or Drug Court

ITEM 2

New Provider applications will also be accepted if the service site is located in a county that is considered underserved by the Office of DUIIP.

Existing Providers

ITEM 1

Providers currently listed on the DUIIP Registry may add a facility to their registry listing in any county in the state of Georgia if the provider/service facility meets one or more of the following criteria:

- The provider is fluent in a language other than English and will provide services in that language
- The service site is at a Community Service Board
- The service site is at a DUI Court or Drug Court

ITEM 2

If an existing provider has a service site in a county that is not considered underserved and their site is removed from the registry by choice, due to inactivity, or other reasons, the provider will not be able to re-establish service in the county unless the service site offers service in a language other than English, the service site is at a Community Service Board, or the service site is at a DUI Court or Drug Court.

ITEM 3

It will be allowed for an existing provider that currently has a service in an over-served county to close a service site and to request to open another service site in the same county. This would be considered “replacing” and not “adding” as long as the replacement is done within six (6) months of the closing. However, changing the service site to another over-served county will not be allowed.
